## Essiac Testimonials From People With Truly Amazing Testimony.

A handful of our many essiac testimonials from people using our eight herb essiac can be found here:

**September 14, 2006**

I was diagnosed with colon cancer in March that had metastasized to my liver. I was put on strong chemo treatments (3 kinds at a time) every 10 days. The first treatment I was very ill and was in bed for 3 days. I then started taking Essiac twice a day. By the time I took my 2nd Chemo treatment I had more energy and my appetite was better. I just felt better all over. The Doctors were amazed at how well I was handling such strong chemo I took 8 treatments and then had surgery. They removed my gall bladder, 80 percent of my liver and a section of my colon. That was in June. I had some setbacks with infection. After surgery and the infection I was very breathless and weak. I started taking the Essiac again and my breathlessness got better immediately and I had more energy. My appetite has also improved. I had a scan 3 days ago and there is NO Cancer in sight. I do however have a pocket of fluid behind my liver that I am going to have to get checked out. My oncologist said it is not cancer, but is surgery related. I am very thankful I found out about Essiac. I truly believe it has helped me fight this battle. I would recommend it to anyone taking chemo or fighting Cancer.

"I began purchasing essiac tea at a local health food store after reading about it in some cancer testimonials from survivors. I since found your site online and have ordered and begun using your eight herb essiac tea. I was diagnosed with melanoma in 1999. I had surgery and was told that there was a 99% chance the cancer wouldn't spread. Well, less than a year later a lump in my breast was detected.

I had another surgery and started to look into options at the health food store. I didn't want to live my life going from surgery to surgery and never being sure if the cancer had spread. Well, I've been taking essiac tea since 2003 and your product since late 2004. Knock on wood, I am cancer free and have been since early 2004. I have never felt better in my life, and I sincerely believe it is due to the wonderful tea."

**Paul Grady,

"I started taking essiac tea because my friend (who had been taking essiac for her breast cancer) told me that it could be used as a detox and a general health tea. I had been consuming products made with aspartame for awhile, and started feeling a lack of energy, an increase in pain,

increase in weight, and depression. I hoped that taking essiac tea would help my "detox" from aspartame.

It's hard to say how far-reaching the effects of aspartame were, but I have never felt better. It's strange, because my energy levels used to drop in the mid-afternoon and in general I felt lethargic much of the time. After just a few weeks on essiac that has vanished, and I feel better than ever. I've also noticed my skin has cleared up and has a rosy glow to the cheeks that I never had before. I'm sleeping very well and waking up refreshed--and it seems I need less sleep now, but I feel much better all day. I plan on taking essiac for life, and the preventive effect against cancer is a definite plus, as cancer runs in my family. For what it's worth, I've been taking two 3-oz. doses per day, about an hour after breakfast and again right before bed.

I tell everyone I know about these essiac testimonials and this wonderful health tonic--I wish I discovered essiac sooner, and cancer runs in my family so this tea has been a godsend."

"I've been suffering from hypothyroidism and hypoglycemia since 1997, which has lead to a 50 pound weight gain (5-10 pounds a year from 1997 to 2004). I'm on premarin right now. I went online to research herbal remedies because I figured I had nothing to lose (but the weight,ha ha). I came across some essiac testimonials from diabetics and people with hypoglycemia. I decided to order some essiac and give it a try.

Now I've been on it for over six months. Looking back, I realize now that I probably had accumulated a lot of toxins that made my thyroid become sluggish. I say this because not only has the weight began to come off without a change in diet (purposefully, anyway) but I've noticed that my skin has become clear, I feel much more energetic, and my constant headaches have disappeared. I seemed to be in pain for something or other almost all of the time. My family thought I was a hypochondriac. I just feel that my body was highly toxic and I was paying the price.

Sincerely,

**Rachel Currier**

"I need to order some essiac tea. I've been using some that my sister ordered from your website last November. She really believes in essiac tea, and she was so happy she found your site, which offers it at a lower price than we've been able to find elsewhere. She was diagnosed with esophageal cancer in 1991 and the situation was very bad for awhile. She was given a maximum of six months to live. Right around that time she began an aggressive regimen of essiac tea. And she is still here today. She tells everyone who needs it about essiac tea. Getting to my part of the story...

I was diagnosed with lung cancer October 21, 2004. I started chemo and

radiation December 5. I was feeling so sick from these treatments through the month of December. It was all I could do to get out of bed. No energy, I felt very depressed. I decided to go with the 6 oz. three times per day of your essiac tea because I am receiving the chemo and radiation. After four days of this regimen I started feeling like I had been before the chemo and radiation...not perfect, but not like I was at death's door, either. I have continued to feel better as the weeks have gone by, and the best news is that the tumor has gone down for the first time as of my last check-up. I will be calling this afternoon to place my order. May God Bless."

"I have had previous experience with essiac tea. I purchased some essiac tea from a friend for my father-in-law about ten years ago. I saw an almost immediate improvement in his health. I can't say for sure what effect it had on his prostate cancer, but it had a positive effect on his psoriasis, diabetes, and asthma for sure. I am convinced the essiac tea helped prolong his life and, perhaps more importantly, improved the quality of his life during his remaining years. He was able to live pain-free much of the time, and that in and of itself was a blessing."

#### **January 2005**

"I started suffering from asthma after repeated bouts of bronchitis in 2003 and 2004. I found myself having to use my inhaler quite often during the day, and eventually experimented with Singulair and Advair. Singulair and Advair worked quite well, although because I don't have insurance I found them to be very expensive.

Someone suggested that I try essiac tea. They gave me a two-week supply to try. I was astounded that my asthma was gone three days later! I've been taking 3 oz. per dose, 3 times per day. I noticed other health benefits as well, so I plan to continue essiac tea. Recently everyone got sick around here, and I did as well, but I got better in two days whereas everyone else, it seemed to take them two weeks.

My husband suffers from asthma to a greater degree than I ever did, and I suggested that he try essiac tea. To his pleasant surprise, he took it during an acute attack and his breathing increased from about 20% capacity to almost 100%, almost instantly. He has tried many asthma treatments including steroid packs and Prednisone. Those treatments are hard on his system and he's glad he doesn't have to rely on them anymore. Thank you so much for offering essiac tea at such a great price. We're telling everyone we know about the wonderful effects of health and well-being we've seen from essiac tea."

"I'd like to order another supply of essiac tea. I have been giving it to my sister (with breast cancer) and my father (diabetes) so I'm already running low. Since my first diagnosis, my ovarian tumor has shrunk 60% and the doctor can't believe it. I am on chemo as well and I'm not sure if the chemo or the essiac is doing the trick, but I'm not going to take any chances. I believe in alternative treatments very much, so I'm partial to attribute my progress to the essiac, but whatever it is I am grateful. I am also thankful to have the chance to read essiac tea testimonials from others who are doing well, it gives me hope."

"I have been giving this product to my brother for two years now. His cancer has metastasized. His test results have been getting better and better. The doctors do not know I have been giving his essiac tea, but we believe that is what is helping him. I would like to place a bulk order ASAP."

"Essiac tea is amazing. Let me tell you about my mother who has (or had) colon cancer. She is elderly and the doctors warned that she might not survive an operation to try and remove the tumors. We agreed that we would rather have her enjoy her last years as much as possible, living with us etc. rather than be in a hospital trying to recover from invasive surgery. We were on the fence about chemo but decided against it for the time being.

We began giving her essiac tea last November, and we noticed that she seemed happier and more energetic almost right away. However, it wasn't until February that we noticed some dark substance coming from her colon. At first it seemed to be stuck to her skin but after a few days it began falling off on its own while she was bathing. When we went back for testing the doctors said the tumors seemed to be gone. Amazing. My mother continues to take essiac at maintenance dose, and actually the whole family is on it now because cancer runs in our family. Essiac is truly heaven-sent. Please add my account to your cancer testimonials page so that others will know how well it has worked for us."

"I've been helping care for my aunt for the past three years. Soon after I took her in they discovered rectal cancer. After debating our options we decided to start chemo and radiation. However, we weren't satisfied to stop with that. I was interested in alternative treatments but I didn't want to go with just anything. My priest recommended essiac tea and of course, prayer and faith. Which we had always kept a part of our lives.

We started with a four-herb essiac, I think it was affiliated with a company called "resperin." I started telling my friends and family that my aunt was taking essiac tea and a couple of people suggested that I try to obtain eight-herb essiac. I found eight-herb essiac a couple of months later (I had her on the four-herb formula for about eight months). She was already starting to show an improvement. Mind you, she was taking chemo and radiation as well, and also cat's claw and a bunch of "antioxidant" vitamins. All we knew was that something was working.

My aunt's last CAT scan showed that she was normal: no cancer anywhere in sight! We were so relieved. It's so scary to not know what is happening or what you can do. We dropped her back to 4 oz. twice per day; we had been doing three times per day. Now I am told we can drop back further so we will probably do that after her next check-up. Or, we might keep her on twice per day, who wants to mess with what works. We thank God every day for whatever miracle saved my aunt."

"I have cancer and I need to order some more essiac tea. I need essiac sent to me as soon as possible. Let me tell you what happened to me...

I had become very sick with cancer last year. It got to the point that I was told I would be dead by December. I couldn't stay awake for more than a few hours at a time, and I couldn't speak clearly anymore. My tongue had swollen from the chemo.

I heard about essiac tea and tried it as a last ditch effort to save my life. I continued the chemo but added essiac tea to my regimen. I couldn't believe how quickly I noticed an increase in energy. Then my hair started growing back, both on my head and my eyelashes and such. A few months later, all my tumors were gone. My doctor said, "Whatever you're doing, keep it up, this is a miracle!"

I am religious and I believe that faith can heal. In addition, I believe the chemo and radiation helped me. However, I do not think I would be alive today if not for the essiac tea. The reason I say this is because, once my tumors were gone and I felt better, I ran out of essiac and didn't buy more. I didn't think I needed it anymore. Well, I was wrong. My hair started falling out and I had no energy. My platelet count is up again. This started happening a little over a month ago, a few weeks after I stopped the essiac tea. I had been meaning to get more but I kept putting it off. My friend gave me some other tea to try, he called it "miracle tea." I don't know what was in it, but it did nothing for me. It's not like essiac. Now I feel desperate: I need to get more essiac in me. I feel like crap without it and I'm worried that my tumors will come back, if they haven't already.

My doctor is worried also because I am obviously slipping. He says he can't recommend essiac (which makes me so angry!) but we both know that it's the only thing that has changed in my regimen. I recommend that everyone with cancer take essiac. I believe you should take traditional treatments like chemo in addition to essiac for best results. All I can go by is how I reacted, but it truly has been a miracle for me. Essiac tea is absolutely amazing and I feel it saved my life."

**Heather****January 2005**

"We never had essiac tea before, but I know it helped my dad last year with the cancer on his spine.

After my dad came home from the hospital, the week before Christmas in 2003, he was on oxy-cotin, and was in pain (They radiated his 'whole' spine). Basically, they sent him home to die. I brought him essiac and he started taking it, just to appease my sister and I. Two days after taking the essiac tea, his pain went away. His pain went away after two days, no more pills, and his cat scans were very good, the doctors were amazed.

However my dad is a retired electrical engineer and thinks prescription drugs are the way to go, not 'voodoo' stuff. Of course, he didn't attribute getting well to the tea. I keep saying, 'God made herbs.' He stopped the essiac tea in the spring. The cancer did spread again in the summer and now he is in a cancer 'vaccine' testing. He has some at his house if he so chooses (It is hard for my parents right now, since their youngest, my brother passed away at age 34 on Sept 15). I have seen this works and with our colds and knowing what we really eat, what is contained in our milks beef, and chicken--we like the idea of purging cancer causers from our bodies. The tea we got my dad was not the 'original' essiac tea, which is why I did buy in bulk from you. Thanks for offering it to us at a great price.

God didn't give me a gift to 'write'..but I still try."

Sincerely,

**Karen****May 9, 2005**

Hi, so far I love your product. My lab results showed me in the non-diabetic category for the first time and ALL my results improved (I have been on 9oz/day for close to a month now).

I also have, for the 1ST TIME! other normal (average range) lab results. Not to mention what it has done for my C.F.S. (Chronic Fatigue Syndrome) and overall energy level. My only regret is that your product hasn't made me quit smoking (yet!).

God Bless,

**Jonathan****April 2005**

"One of my friends was diagnosed with Chronic myeloid leukemia (CML) in 2003. She was sick with infections and fevers almost all of the time. She also developed anemia (her red blood cells were very low). Upon her practitioner's recommendation she began to take essiac tea along with chemotherapy.

After four months on essiac tea, to our surprise her body seemed to have rid itself of leukemia cells. The hematologist found her completely normal when he did the bone marrow aspiration. We went to a pathologist as well to confirm the diagnosis, and he agreed that the cancer was gone."

"A friend of ours has been taking essiac tea for years and years now. He didn't get it from your company, but I believe it is the same thing. His is the eight herb formula like you have on this site.

My friend was at one point given less than a month to live, and that is when he tried the tea. That was in 1990 and he is still alive today. This is unbelievable to me! I have cancer and would like to try this 'miracle tea' for myself."

"Bill and I have been drinking essiac tea for three months now (me more consistently than him, but he is getting better) and it has done wonders for my type II diabetes. I also notice a lessening of sugar cravings in general which has allowed me to drop 10 lbs. without really thinking about it. This is good for me as I am still about 30 lbs. overweight, hopefully not for long. My test results re: the diabetes have returned to normal. I hope my husband will receive the same benefits. His diabetes was a bit worse off than mine was to begin with, and like I said he hasn't been as consistent as I have with taking his essiac tea. Now that he has seen me improve so much, though, he appears to be more motivated with his own treatment. I find that many men aren't interested in the herbal remedies but once they see them work in action they come around. I have found my breathing improve as well, is this one of the benefits of essiac tea (I am asthmatic). Please send us another of the same order we got three months ago on 11/29/05, and thank you for all of your help over the phone, etc. these past months."

Sincerely,

"Seven years ago I had surgery to remove a cancerous rectal tumor that was discovered the year before, and was growing at an alarming rate. I was advised to undergo chemotherapy and radiation. I did for four months but I felt so sick all the time that I couldn't bear to continue. I felt my best course of action was to follow an organic diet and investigate alternative treatments. I stumbled upon essiac tea and began to take it.

I had a colonoscopy a little over six months later, and there was no cancer. I continue to have an examination every year and there is no cancer at all. I don't know if essiac tea is a miracle or what, but it seemed to have done

the trick for me. I continue to take the maintenance dose and it gives me incredible piece of mind that I am purging my body of the toxins that may lead to more cancer. Thank you for providing this product. I sincerely feel that I owe my life to it."

Sincerely,

"My twelve-year old golden retriever, Charlie, was diagnosed with cancer last year. My vet advised that if I wanted to give him the best chance of surviving I should consider surgery to remove the tumor. However, I was also aware that, due to my dog's age and medical history, he might not survive surgery. I was also told that many times cancer in animals re-occurs, so I was hoping I could do something preventive in nature, whether or not I decided to proceed with surgery for him.

I was never aware that cancer in animals could be treated with some of the same things people use, but my homeopathic doctor told me that it can be. In particular, he recommended that I give my dog essiac.

I did some research online and found your site. I decided to start with one pound as I would be giving Charlie 2 oz. two times a day (although I started with just one dose to make sure it agreed with his stomach). Meanwhile, I met with the surgeon to discuss my options. I decided to put off the surgery for the time being and see if the essiac tea made a difference. My main hope was to keep Charlie's quality of life at this stage.

I am happy to report that he is doing wonderfully! The tumor is reducing in size and Charlie has only been on the essiac for two months. He has begun to play again and his appetite is much better. I am confident that his situation will continue to improve as long as we continue with the essiac tea. This improves the spirits of everyone in my household, as me and my husband are in our 70s and having Charlie around really boosts our spirits. Please send me another pound of the tea, and bill my card for the amount. Much thanks!"

I have been using the four herbs for three years now. I just now found out about the eight herb essiac and want to see if it works better for me. I am alive now because of essiac.

My doctors had me undergo surgery, chemo, and radiation, but it didn't stop the cancer. They recommended that I go through all of it again. I just couldn't face that, though. I decided to try essiac tea and everything got better. So I stopped the tea thinking everything would be fine, but the cancer grew back. I had no energy and so much pain. As long as I stay on the tea my tumors shrink and I feel much better. I am hoping the eight herb essiac is even more effective for me.

Sincerely,

**Shannon Waterton**

Hello! Your product is incredible. I suffer from a number of physical disabilities, and EVERY category of my lab results came back improved! After only one month of your essiac tea!!

After 6 weeks of being on the aggressive treatment for essiac I put the diabetic "paper" or lab results (5.6) to the ultimate test. I fasted all day (for scriptural reasons) w/water only. Not only did I not get the shakes from skipping meals or go into a hypoglycemic state, I didn't get hungry! I kept tabs on my sugar levels every 2 hours or so, and my levels stayed in the 90`s all day long. I have documented this for my primary care doctor and my nutritionist. According to them, this can't happen!

"I'm writing because my attorney (a good friend of mine) suggested that I take essiac tea. The doctors found a growth on my skin that appears not to be cancerous, but I'm not taking any chances. He affirmed that I should use essiac containing eight herbs, not the four-herb tea that is more commonly found. He recommended that I come to this site, as you people have been very helpful and the price is right. I guess he's been pointing a lot of people your way.

I am optimistic because my friend's wife was at one point diagnosed with stage IV pancreatic cancer that had metastasized to the liver, and now it's been five years and she is alive and well. Granted, she was on chemotherapy at the same time she took the essiac. She began the chemo December 1999 and the essiac in February 2000. By April 2000 her condition had become stable, which was realistically the best they could hope for at the time.

She continues to maintain relatively good health and although the tumors are still present, her condition is definitely stable and she generally feels well. Her husband switched to your eight-herb essiac when he found your website last month. He says that your herbs seem to be fresher than any he's received before and his wife feels better than ever. I'm looking forward to trying the tea and hope it can do for me what it appears to be doing for so many others. At this point in my life (45) I am well aware of the need for preventive treatment, even if I am "healthy" for the time being."
